PROFILE

Motivated and detail-oriented Bachelor of Computer Science student with hands-on experience in software development, machine learning, and web technologies. Interested in building practical solutions and continuously developing technical and problem-solving skills in real-world projects.

EDUCATION

Gyalpozhing College of Information and Technology
2022- 2026

BS in Computer Science

- Bachelor of Science in Computer Science from Gyalpozhing College of Information Technology (GCIT), Royal University of Bhutan

Motithang Higher Secondary School
2020-2022

High School Diploma

- Completed higher secondary education with a focus on Pure Science.

EXPERIENCE

Gyalpozhing College of Information and Technology
2025 - 2026

President | Rovers Club

- Manage club activities, support event planning, and coordinate with members to ensure smooth execution of programs and initiatives.
- Built strong leadership, communication, teamwork, and organizational skills in a student leadership role.

Gyalpozhing College of Information and Technology
2023 - 2024

Project Lead – Website Design | DevForge Society

- Managed a website design project for Willing Resort, Trongsa, overseeing planning, coordination, and contribution to the development process.
- Gained hands-on experience in leadership, collaboration, problem-solving, and delivering a project based on client needs.

PROJECTS

Gyalpozhing College of Information and Technology
JUN 2025 - NOV 2025

CrawTech | Backend & IoT Integration Developer

- Worked on the development of selected pages, back-end integration, and IoT-based sensor connectivity for a crawfish farming management platform.
- Helped build a system that centralizes farm data to improve tracking, decision-making, efficiency, and sustainability in aquaculture operations.

Gyalpozhing College of Information and Technology 2023 - 2024	Willing Resort Website Project Lead & Front-End Developer - Led the development and design of a website for Willing Resort, working on selected pages, interface structure, and overall project coordination. - Contributed to building a user-friendly digital platform that strengthens the resort’s online presence and improves access to information for potential guests.
Gyalpozhing College of Information and Technology FEB 2025 - MAY 2025	EcoVision Backend Developer - Developed the backend of a web platform used to collect and store data from a smart trash bin system that detects plastic bottles. - Helped build a centralized system for managing information efficiently, supporting smart waste monitoring and improved decision-making.
Gyalpozhing College of Information and Technology FEB 2024 - MAY 2024	Dzongkha OCR Project Lead - Developed a Dzongkha OCR project during the second year of study to recognize individual letters of the Dzongkha alphabet. - Contributed to building a system focused on character-level recognition, supporting the digital processing of Dzongkha script.

CERTIFICATION

Gyalpozhing College of Information and Technology JUN 2024 - NOV 2024	AWS Academy Cloud Foundations Completed foundational training in cloud computing concepts, AWS core services, security, architecture, pricing, and support.
Gyalpozhing College of Information and Technology FEB 2026 - MAY 2026	Foundations of User Experience (UX) Design Learned the core principles of UX design, including user-centered design, accessibility, design thinking, and the role of UX in creating effective digital products.
Gyalpozhing College of Information and Technology FEB 2026 - MAY 2026	Start the UX Design Process: Empathize, Define, and Ideate Developed skills in the early stages of the UX design process, including understanding user needs, defining problem statements, and generating creative design ideas.
Gyalpozhing College of Information and Technology FEB 2026 - MAY 2026	Build Wireframes and Low-Fidelity Prototypes Gained experience in creating wireframes and low-fidelity prototypes to visualize design ideas, structure user flows, and test concepts before full development.

SKILLS	Technical	Soft
	- Python - JAVA - HTML & CSS - JavaScript	- Full-stack Development - Database Management - Leadership - Communication - Teamwork - Collaboration

LANGUAGES

- Dzongkha (Native)
- English (Professional Working Efficiency)
